Stones Alliance

Tsilhq'otin, Northern Secwepmec, and St'at'imc are very concerned about the extreme impacts to our lands, and our culture.

The BC Governments Strategic Plan is to have certainty to Aboriginal Lands & Resources. As part of the B.C. Jobs Plan, the Natural Resource Sectors are the backbone to the economy of the BC Governments overall plan.

These Natural Resource Sectors are: Forestry
Mining
Natural Gas
Agrifoods

We the Tsilhq'otin, Northern Secwepmec, and St'at'imc are the original inhabitants of our lands, our way of life is inseparably connected to our lands. We view our lands as the basis for our survival. We are derived from successful societies that have been here and lived for many generations. It is our inherent duty and responsibility to protect these precious life giving values, of water, air, wildlife, plants, trees, and everything pertaining to, for our future generations.
