Happy New Years

Ámhas ku swá7su! (best wishes)

Everyone at St'át'imc Government Services would like to wish you a happy and prosperous new year. See you in 2024. Our office will re-open on January 2, 2024.

Request for Proposal

The St'át'imc Government Services (SGS) is currently seeking proposals from qualified firms to negotiate an agreement between St'át'imc and BC Hydro that provides for the development and maintenance of a long-term Education & Training Program for the St'át'imc. The Program will be a joint program of BC Hydro and the St'át'imc with accountability for the development and implementation being shared equally between both parties. The Training Program objectives are: maximization of

St’at’imc Members employment; development and improvement of capacity to work on contracts; focus on specific education & training requirements for employment and contracting positions; provide for apprenticeship opportunities, and address elements of the cultures that may inhibit the achievement of objectives of the program.
